Santisima Trinidad was initially armed with 120 guns on 3 decks. At the time of the battle of Trafalgar, she was carrying 144 guns in 4 decks!. She was the biggest warship of her time nicknamed El Escorial de los Mares.

El Santísima Trinidad fue un navío español de 120 cañones en un principio, ampliados hasta 144 con posterioridad. Fue el más grande de su época, por lo que recibía el apodo de El Escorial de los Mares, y fue uno de los pocos navíos de línea de cuatro puentes que existieron.

Le Santísima Trinidad, officiellement Nuestra Señora de la Santísima Trinidad, était un navire espagnol de 120 canons. Pour affronter les britanniques lors de la Bataille de Trafalgar en 1805 il disposait de 144 canons répartis sur 4 ponts, faisant de ce bateau un véritable colosse d'où son surnom, l'Escorial des Mers.

Die Santísima Trinidad war ursprünglich mit 120 Kanonen auf 3 Decks bewaffnet. Zum Zeitpunkt der Schlacht von Trafalgar trug sie 144 Kanonen auf 4 Decks! Sie war das größte Kriegsschiff ihrer Zeit und wurde El Escorial de los Mares genannt.
